## Progressives In Parliament

**RAILWAY RATES**  
Ottawa:—The attention of Parliament is now being centred around railway rates, the appointment of a committee for the purpose of dealing with the subject having started an enquiry of very far reaching importance. On this committee the Progressives are well represented by Messrs. Crerar, Forke, J. F. Johnston, McConica, Shaw, Fansher and Halbert. This assures that the farming community in all portions of Canada will receive attention in the consideration of this very vital matter.

**AGRICULTURAL REPRESENTATION**  
In the work of the committee, the Progressive element has made itself felt, much information relating to the subject having already been asked for. It may be said that without doubt the agricultural interests were went into an enquiry of this kind nearly as well prepared as they are for this one. This is because they have numbers in Parliament. Having about fifteen more members in the House than the Conservatives, they have one more member on the committee than the latter. This is a good example of how representation in Parliament counts.

**FOR PUBLIC BENEFIT**  
The strong stand taken by the Progressives on the rates question has attracted much attention. It is now confidently predicted that important reductions will be made on commodities in which farmers are vitally interested. In fighting for lower rates, the Progressives are not only fighting the battle of the farmers, but that of the public generally.

**MILITARY ESTIMATES**  
In the discussion on the military estimates, the Progressives have kept up the fight for economy. The decision to cut an addition of \$700,000 from the appropriations under this head was strongly supported, forceful speeches being delivered by Messrs Wood, Crerar, Halbert and Gould. It was pointed out that the Progressives were not antagonistic to the Militia, but they contended that the public expenditure and taxation was so heavy that reductions must be made somehow, and the Militia Department was the best place to begin.

**ECONOMY ASSURED**  
The presence of the Progressive group in the House with the avowed sympathy with the demand for economy within the government's ranks has enabled that demand to make headway. Had the House been divided on the old two-party line economy would not have had anything like as good chance.

**C. P. R. EXTENSIONS**  
When the C. P. R. bill for the extension of time for the construction of certain lines in north-western Saskatchewan was before the House, Mr. Carmichael made a strong effort to secure an amendment that would ensure speedy completion, and in this he was strongly supported by Messrs Evans, Spencer and McConica.

**THE WHEAT BOARD**  
Through the vigilance of the Progressives, the Wheat Board is being kept prominently before the attention of Parliament. Having procured the  
(Continued on page seven)

## Baseball Activities

After defeating Airle in the opening game, a week Saturday last, the home team journeyed to Ribstone, on Thursday to test their wares. A heavy wind faced the batters preventing any heavy hitting, but it made the catching of fly balls difficult so that errors were numerous.

The Chauvin team got away to a comfortable lead early in the game, maintaining it to the end of six innings. Score 8-4, in favor of Chauvin.

Saturday evening threatened rain, but old Juvius Fluvius could not intimidate the Ribstone athletes. They worked their passage to Chauvin and then challenged the home brewers (rain) to come out into their element to decide the baseball honors of the two towns. The challenge was accepted, and for five hotly contested innings the battle raged. The score was five to three in favor of Chauvin at the end of the fourth. In their half of the fifth Ribstone tied the score 5-5, Chauvin in their half got one score but as the players batted out of order this run was cancelled, the game ending in a tie.

Well done, Ribstone, come again! Chauvin is always glad to welcome such a gentlemanly hand of sports. Incidentally, it might be well to mention that Cecil Burton walked all the way from Oxville home the same day, some twenty-five miles to participate in the game—Who says the boys of today are degenerating?

## Basket Ball

Monday evening last saw one of the most exciting games of the season played at Edinlassie. Edinlassie played out with fire in their eyes and they met a hard team in the High School Boys. After thirty minutes of desperate play which scintillated with fireworks of all kinds, the T.S. emerged victorious by a score of 20-18.

On Wednesday evening the High School Girls defeated the Chauvin Ladies 15-6; and the Extras defeated the Special H. S. team 7-4. The evening was warm and a large crowd was present to add to the excitement.

THE STANDING OF THE LEAGUE

Team	Won	Lost	0
H. S. Girls	4	0	6
H. S. Boys	3	1	6
Edinlassie	1	2	7
Specials	1	2	7
Chauvin	1	3	6
Extras	1	3	6

The Economic Conference at Genoa is now passed into history and Mr. Lloyd George is back in London. The great aim of this Conference was to put Europe back on the business map after being torn to pieces by war conditions. To a lesser degree the same thing has happened in business circles in Canada. Goods soared in price. Money soon vanished with the result that the buying capacity of the public was crippled. For example two years ago we sold bulk chocolate at from \$1.00 to \$1.25 per pound; today we are selling them for 45c a full pound manufactured, weighed and boxed by Neilson's in Toronto—While they last Neilson's Chocolates. 45c per pound. The Chauvin Pharmacy.

## Ed. Surrette Dies In Edmonton Hospital

Considerable gloom has been cast over the district by the news of the untimely death of Ed. Surrette, at Edmonton, Thursday May 18th.

Ed. Surrette was first taken sick with an attack of la grippe, this being followed by a relapse. Unusual symptoms developing, he was taken to an Edmonton hospital and underwent an operation Friday May 12. Unfortunately the operation, which was of an extremely delicate nature proved unsuccessful. His mother and George, his brother, were called to the bedside, and found the patient in an extremely cheerful mood and free from pain. He shortly afterward became unconscious and passed away peacefully.

The funeral was held the following day at Edmonton. Interment being made in the Catholic cemetery. A memorial service was also held at the Church of the Sacred Heart, at Chauvin yesterday.

To Mr and Mrs Alex Benoit, a son, Sunday May 14th. Mother and child doing well.

## Fram Grain Growers Association Meeting

The usual monthly meeting of the above local was held on Sat. May, 6th. In the absence of the president and vice-president Mr. Kindal W. Coe was elected to the chair. The minutes of the previous meeting were passed as read. Mr. O. Scholin raised the question of the lady members paying for lunch, and the following resolution was passed on the motion of Mr. D. Alaton, seconded by Mr. P. Wogberg "That in future lady members do not pay for lunch."

A resolution expressing the deep sympathy of the Association with the motion of the secretary (Mr. K. W. Coe). Carried by silent standing vote. The notice of motion of Mr. O. Scholin (deferred from the last meeting) was then taken and Mr. Scholin moved the following resolution which was seconded by Mr. P. Wogberg. It resolved that the Fram Grain Growers Association refrain from discussing local matters at their meeting, unless those same matters directly concern their Association." Carried.

The Association accepted the invitation of Mr. and Mrs. O. Scholin to hold their next meeting on Saturday June 3rd, at their residence, the hour of its meeting being set for 7 p.m. instead of 8 p.m., as usual.

The question of holding a wheat drive was laid on the table.

Grain Growers' Sunday (June 18) will be officially recognized by a service in Fram School details to be arranged later.

The question of amalgamating the Battle Hill Picnic and the Grain Growers picnic was left over in order for the secretary to obtain further details, as was also the question of the Travelling Library scheme.

A vote of thanks to Mrs Coe for taking the chair was passed and the meeting adjourned on the motion of P. Powers, seconded by T. Martin.

Never doubt about doing what you know it is your duty to do.

## Notes From North East

There seems to be quite a sewing bee in our midst. Perhaps Mrs. King and Mrs. Coe can oblige with details.

The stray horses and cattle seem to be getting rounded up now, but there are still some at large.

The crops are away to a splendid start and prospects are looking exceedingly rosy.

For a while last Sunday afternoon hallstones fell in this district, and quite a size too.

The mailman seems to be having quite a bit of trouble with his car of late.

Don't forget that the next Fram G. A. Meeting is going to be an open air meeting. Mr. and Mrs. O. Scholin have placed their farm at the disposal of the local for this purpose. See announcement.

## Local Notes Of Interest

Born: To Mr. and Mrs. L. B. Nicholson of Dina, Tuesday May 16th a daughter.

Messrs. Parcells and Foxwell shipped a carload of hogs from Chauvin, Saturday. Ten cents per pound being paid for choice hogs. They also pay 5c to 5 1/2c per pound for butcher cattle on the hoof.

Mr Harold Foxwell returned from a trip to Rosebud last week.

Rev. W. Millar left for a short visit to Edmonton, Monday, to meet some of his fellow preachers.

Mr McCloy returned to Chauvin last week.

To Mr and Mrs J. F. Soucy, a son, Thursday, May 14th, at residence of J. Soucy. Mother and child doing well.

Mr. and Mrs. K. W. Coe, accompanied by Miss Michel, were visiting friends in Chauvin Monday.

A number of cars were observed on Sunday last, travelling towards Salt Lake.

Miss Ethel Smith arrived on Monday from Saskatoon, to spend her vacation with her mother.

Mrs. Bingham recently brought to our office a hens egg which weighed 3 1/2 ounces—some eggs!

The weather is ideal just now, there have been several light showers in different parts of the district, which with the warm sunshine makes ideal growing weather.

The members of the Westminister Ladies Auxiliary are serving a supper of baked Beans, Brown Bread, and Pie in the building next to Perryand Road, on Saturday, May 27th from 5 o'clock. Price 30 cents each.

J. McLeod, of Hanna expects to call at Chauvin Sunday with his aeroplane.

## Entertainment At Sacred Heart Church

A high standard of local talent was displayed at the entertainment given in the basement of the Church of the Sacred Heart last Sunday evening.

"Give us Campanie" the opening chorus received a hearty round of applause, as in fact did all the numbers on the program; and especially so. A humorous sketch "Little Pitchers" by Jeanette Auclair; Jeanette St Pierre and Leontine Lambert illustrated the harm of back-biting one's neighbours. "Courtesette" a recitation by Rev. Bro. Berger being the third item. "A Whiff of Heliotrope" a vocal duet sung by Jeanette St Pierre and Jeanette Auclair was sung in English. "Attise le feu" a duet in French was sung by the Misses M. Colombe and J. St. Pierre. Then followed a most interesting one act play entitled "The Two Druggists," which took the house by storm. The cast being: Julianos, 1st druggist, H. Herbert; Albertus, 2nd druggist, D. St Jean; Clovis, son of Albertus, A. St Jean; Leবাদie, wife of Julianos, Miss Colombe; Sabine, wife of Albertus, Miss Collette St Pierre; Hope, daughter of Julianos, Miss Roy. "Where are you going to, my pretty bird" was a charming little duet sung by Juliette Lambert and Rene St Jean, in English. Arthur LaPlante then sang an action song. "Ne vous etiez pas tant" receiving great applause. A character song presenting "Jean of Arc" was sung by Miss Roy, and the program brought to it's final item by Leontine Lambert singing an oriental nocturne "Fairy Moon. The entire troupe then lead the audience in singing both O'Canada and God Save the King. And after a few words of thanks from Rev. Father Huet the audience were home having spent a most pleasant evening. The proceeds of this entertainment will be devoted to the church building fund.

## St. Jean Baptiste Celebration June 26

It has been decided to hold the annual St. Jean Baptiste celebration at Chauvin, Monday, June 26th. It being considered more convenient to the public than Saturday, on which day the feast falls this year. The following officers being elected at the meeting at which this decision was made: Eugene Cole, president; Oliver St Pierre, vice-president; Emilie Cole, secretary; and Rev. Pere Huet treasurer. Another meeting will be held at an early date, and the various committees will be appointed.

Remember—Monday June 26th

## Natural Resources

Following the return of Premier Greenfield and Attorney General Brownlee from Ottawa, full cabinet meetings have been held at which all the members, including Mr. Farby, have been present, and at which discussion has taken place on a large number of important matters now pending in government circles. Decision has not been made on a number of these matters.

To those who visited Fisher's Bakery on Friday and Saturday of last week, it would remind them that they were in a warmer climate to see the choice Strawberries, Bananas, Apples, Fruit, Oranges, Lemons and Grape.

## Protect Your Dairy Profits

No farmer can afford to be without a good cream separator—

Buy the Viking and not only save in the first cost, but save time and labor in operation.

Does your skimming faster and better?

The Viking is made with the STRAIGHT DISC skimming device which has proven to be the best. It is easier to wash—insures longer life.

It's a proven profit maker for the farmer. Come in and let us demonstrate a Viking to you.

J. A. CODE  
CHAUVIN, ALBERTA

## WHAT ABOUT YOUR NEW SUIT?

Perhaps some of you don't know that we have the agency for the well-known firm **Lailey & Trimble, Toronto, the House of the "Master-Built Clothes."** We have a full range of samples to choose from, and will guarantee a good job.

C. G. FORRYAN, Main Street, CHAUVIN

The Municipal Plan, Directed by The

## Hail Insurance Board

on account of giving the protection at cost has, in the three years of its operation, saved the Farmers of Alberta considerably over

## One Million Dollars

in premiums. In addition to this the Board is commencing the 1922 season \$230,000.00 further ahead than they were when the Act came into operation. They are

## BETTER PREPARED THAN EVER

to handle your business this year. For particulars refer to your Calendar, see the Secretary-Treasurer of your Municipal District, or write the Hail Insurance Board, 22 Canada Life Bldg., Calgary.

## Profitable

### Steer Feeding

A net profit of nearly \$11. per head was realized on a carload of steers fed at the Government farm at Athabasca during the past winter. The steers were purchased on December 24th, and sold on April 28th, at the Edmonton Stock-Yards. The purpose of the feeding was to demonstrate to the people of the district the possibility of feeding steers profitably on feeds which can be grown within the district. The purchase price of the steers was \$4.50 per cwt., and after adding commission, inspection and freight charges, the total cost price reached \$87.10. The total cost of feed and labor was \$454.50. The selling expenses were \$77.45 the total cost thus being \$1399.05. The price realized at the sale of the steers was \$7.25 per cwt., or a total of \$1573.25, making a net profit of \$10.89 a head. The increase in weight totalled 4470 lbs.. For feeding ensilage stored in a trench silo was used, proving highly satisfactory. Eight of the steers were fed outside and eight inside. Those fed outside made a total gain of 2,783 lbs. and those fed inside made a total gain of 2,848 lbs. The average gain of the steers proved to be heavier than in any other feed tests carried on by the Department. Those in charge attribute this to the feeding of a full feed on high quality ensilage. Sunflowers and corn were used in about equal parts in the trench silo.

Palmolive Soap—The old standby at 9 cents a cake—There is no sense in paying more.

The Chauvin Pharmacy

## New Districts For

### The Health Nurses

Arrangements are practically completed now for the most comprehensive program of lectures, clinicals and demonstration work yet undertaken by the Public Health Department in the Province. As has been announced previously in the field this summer. New districts in which these public health nurses will be established are Chipman, Provost, St. Paul de Metis, Lesser Slave Lake and the Ruthenian settlements north of Vermilion, where a public health nurse with a knowledge of the Ruthenian language, is to be placed. The duties of these public health nurses comprise chiefly inspection of school children, home nursing, and lecturing where possible, and general assistance to the health authorities in conducting an educational campaign in health habits.

Itineraries are now being arranged for lecturing nurses. Miss Crossby is now in the Athabasca district, and on her return will work in the districts west of Edmonton, lecturing on health matters. Miss Conroy will commence on May 15th, a tour of the G.T.P. line east of Edmonton to the boundary, working back by way of the Provost line of the C.P.R. Miss Emmerson is working south along the C. & E., and will work back by way of the C.N.R. to Calgary-Edmonton line. Miss Morkin is to lecture in the Killam, Strathmore, Innisfail, Round Hill and Onatun districts.

A series of lectures and clinics will also be held on the Youngstown line at various points between Munson and Alaska. Tuberculosis has been asked for clinical work, which may be arranged later in the season. There is also a request for clinical work at Ribstone district.

The work of the public health nurse, as has been stated, is chiefly educational. At points where it can be arranged, child welfare clinics are held. These are for examination of babies and children of the preschool age. When the services of a doctor are available a complete physical examination is given each child. If a doctor is not available, the nurse weighs and measures the children, and gives instruction in infant feeding and clothing. Where lectures and demonstrations are held, lectures on communicable diseases and other subjects are given, and demonstrations are held in home nursing.

Mrs Tomkins: "A tree, you know, dear, gets new clothes every spring: a new garment—new everything."

Mr Tomkins: "Yes, and makes them all itself."

Mrs G: "Misery loves company."

Mrs Y: "Not always, my dear. Have you never had on very tight shoes when company called and stayed for three mortal hours?"

Spiders, tree-frogs, lizards and snakes are often found concealed in cargoes of pineapples, bananas and other fruits from the tropics.

Nickle that has become discolored can be made bright again by rubbing with a paste of whitening or a fine scourer.

## Summer Schools

### For Teachers

Plans are now practically complete for the summer school for teachers to be held at the University at Edmonton from July 3rd to August 12th under the auspices of the Department of Education. Transportation costs will be refunded to teachers under the usual conditions. Courses to be given include Elementary Sciences, High School Science, Household Economics, Industrial Arts, and Art Primary Work, Physical Education, Music courses for British and American teachers, courses for first class certificates, courses for academic certificates, special courses, university subjects leading to B.A. or B.Sc. degree. Courses will be based on the new elementary school curriculum.

Italy owns the longest stretch of electrified railway in Europe, covering a distance of about 118 miles over which the trains travel in two and three-quarter hours.

## Alberta Seed Oats

About a half a million bushels of seed oats were shipped out of Alberta to other parts of the Dominion the past year, according to officials of the Dominion Seed Branch, which is an indication of how the Province has become famed for its production of seed. The shipments were found to be particularly free of weed seeds. The Provincial Department of Agriculture, through its recently appointed field crop commissioner, W. J. Stephens, is planning an extensive campaign for the encouragement of seed production, with the co-operation of the University of Alberta and the Dominion Seed Branch.

Canada possesses nearly half the water-power of the world.

## Road Work

A large program of road work is being planned now by the Public Works Department, following a trip of 900 miles taken by Hon. Alex Ross, and J. D. Robertson, Deputy Minister, for purposes of inspection. Attention is to be given largely to market roads, and to extension and repair of trunk roads where urgent.

ere or masses, has a long season. sides as there is in woods.

## Government Cream

### Grading Stations

Elimination of the cream buying and grading stations, and the inauguration of the system of government grading, which came into being May 3th, has had its immediate result in the announcement of an increase of five cents per pound paid to the farmers for cream. This announcement was made by E. T. Love secretary of the Alberta Dairy-men's Association, who said that the new high price was being paid by all creameries in Alberta.

Inauguration of Government grading of cream has placed cream grading on such a basis of certainty that the dairies and creameries now feel justified in fixing immediately a premium for high grade cream, high enough to make a substantial inducement for farmers to produce the highest grade. Hitherto, with the grading of cream, a great uncertainty, this differential price between grades was kept so close as to offer little inducement. Now, another five cents has been added to this differential and the producer of cream finds himself faced immediately, as a result of the operation of the new system, with a factor that gives him the greatest encouragement to produce the very highest grade of cream his herd and his equipment is capable of producing.

Over thirty Government graders were at their posts in different parts of the Province last week entering enthusiastically into the spirit of the new movement calculated to set the dairy industry back upon its feet. Before being sent to their posts, the Government graders underwent a short course of instruction under the direction of C. P. Marker, dairy commissioner, at the University at Edmonton. At the last session of this short course the graders, as well as representatives of creameries, were addressed by officials of the Department of Agriculture on the importance of their duties. Hon. Geo. Hoadley, H. A. Craig and Mr. Marker all emphasized the fact that the Department was looking to the new system of grading and marketing of cream to bring about a revival of the dairy industry in the Province and to put it upon a basis that would eventually bring it to the stage of the most important branch of agriculture, and in addition recover markets which Alberta butter formerly had held.

The particular function of these graders was to grade the cream delivered at the creameries. They will have nothing to do with setting the price for cream, nor will they act in any way as an arbitrator between the creameries and the farmers.

The Dairy Commissioner, Mr. Marker, has expressed the opinion that the new system will bring the production of high quality cream back to where it was in 1919, in our yards, and in two or three more put the dairy industry upon a more satisfactory basis than it has ever known in the Province.

The new system of Government grading of cream is the first to be inaugurated in the history of Canada, and, so far as it known, in any other country.

Optimist: "No news is good news."  
Pessimist: "Perhaps, but you won't agree that no luck is good luck?"

## Wants Co-Operation

### Shipping Stock To

### Edmonton Show

Mr. G. Snell invites the co-operation of any stockmen who wish to exhibit at the forthcoming Edmonton exhibition. Mr. Snell, who for the past few years has brought home a number of prizes to the district, is anxious that a still greater number of prizes come to Chauvin. He will have a half a car of his own stock, and is able to show intending shippers how to save some money and trouble by united action. Communicate with Mr. G. Snell, Sr. direct.

## Natural Resources

Premier Greenfield and Attorney General Brownlee returned during recently from Ottawa, where they have been negotiating with the Federal Government in connection with the return of the Natural Resources to the Province. The Premier will issue an official statement shortly on the progress made in the negotiations and the lines along which Alberta is proceeding.

The cost of living went up enormously in Berlin on April 1st, rent being increased by 90 per cent, while numerous taxes also became much

## Editorial Comment

### SHOULD AN EDITOR REFUSE A SOURCE OF INFORMATION?

Should an editor of the local paper accept every advertisement that is offered him for publication?

Should he refuse to accept the cash that the publication of these advertisements would bring to relieve his depleted coffers? Further, should he impair his ability to publish the news of the district by refusing to accept income from certain classes of advertising?

These are questions that each editor must answer for himself.

### OUR ANSWER

Our answer is that we refuse steadfastly to publish any advertisement, the nature of which does not ensure to our own satisfaction the safety of the public in answering the same.

### "GET RICK QUICK" & "BLUE SKY" SCHEMES ARE RAMPANT

During the past year we have a long list of offers for advertising, and particularly from the United States, of matrimonial bureaus, land agencies, and mining companies, together with other varieties of "blue-sky" and "get rich quick" nature. These, needless to say, have all been refused. Some of them the more apparently "shark" ones have been consigned to the waste paper basket without a second consideration. Others have

been asked for credentials and references, and enquiries made through recognized channels of commercial information.

### NINETY-EIGHT PER CENT ARE UNSOUND

Our enquiries during the past few months have resulted in our gaining the information that about 98 per cent of the advertisements inviting people to buy oil shares in United States are of a "blue sky" nature, and cannot be recommended by financial information bureaus as worthy of recommendation.

### PROVINCIAL GOVERNMENT ACTION

The public utilities board of the province refused to nine companies in 1921 the right to sell shares. Most of these were oil companies, and one or two were proposed coal concerns. The nine companies had a proposed capitalization of eleven million dollars.

### LOOKING FOR "EASY MARKS"

These companies, evidently thinking that some of the Canadian local editors are easily gulled, have been sending advertising orders broadcast. During the past five weeks we have turned down orders for three different half-page advertisements. Advertisements inviting our readers to send from ten dollars up of their good money to bolster up the pockets of the advertisers personally.

We trust our readers will endorse

our policy. A policy that ensures our readers against a 98 per cent chance of losing their money.

### OUR OWN SUGGESTION TO INVESTORS

Should there be among our readers those who have funds available for investment, we would advise them to consider the following suggestion. Get into touch with one or other of the best Canadian trust companies, set their counsel and advice, and act through them as agents. In addition make out your will in proper form, appointing that company as your executor. In this manner you will obtain permanency of investment with the greatest degree of safety and a minimum chance of loss. Together with the great assurance that if you happen to die you have left things in the best of shape for your family, who will suffer the minimum of loss. The services of a reliable trust company will make a small discount from your income from the investment; but these charges represent a gain when you balance them against the increased risk of making unfortunate investments on the one hand; and for the second part by inevitable losses from a badly managed estate handled by honest, but too often incompetent, private executors of that estate.

## Letters To The Editor

### Hail Insurance

To The Editor, Chauvin Chronicle:

Dear Sir:-  
The Newspaper reports of the last annual meeting of the Hail Insurance District, held in Calgary in March last, gave a very incorrect impression of the financial condition of the Hail Insurance District. One report was to the effect that the Board would have to reduce its liabilities before it could resume business. Another stated that the deficit on last year's operations was \$1,000,000.00. Both these statements are entirely incorrect and very misleading.

The ability to "resuscitate business" was never thought of, much less discussed, for the very excellent reason that business has not been suspended, nor is there any necessity or intention of suspending it. The damage done by hail in 1921 was almost double the average of the last nine years and 50 percent greater than the previous high record made in 1916. In spite of the record breaking amount of losses the Municipal Hail Insurance plan functioned without a hitch and is here to stay.

The actual deficit for last year was \$274,742.96. This deficit was paid out of the surplus of the two previous years and will have no effect on the rate to be set this year. This year's rate will depend on the amount of

losses for this year, and on that alone.

I have taken the liberty to write you this letter because some of your readers, on account of the unfavorable impression they had received, might think it was not safe to insure again this year under the municipal plan.

The Board wishes to assure every reader of this paper that the necessary credit for this year's business has already been arranged for, and the Board is better prepared than ever to give their usual fair adjustment of losses and prompt payment of awards. They hope to be able to do even a little better this year than in previous years.

Yours truly

The Hail Insurance Board  
E. H. MALCOLM, Manager.

The Chauvin Pharmacy

### HARDLY

The old lady was being shown over the big convict prison. At every cell she insisted on stopping to offer a few consoling words to its inmate.

At one particular cell she was shown a prisoner who was "in" for five years for having run amuck when drunk.

"Was it your craving for drink that brought you here?" asked the old lady.

"Great Scott, ma'am!" was the reply. "Do I look so barny as to take this place for a pub?"

### A DEFECT REMEDIED

The leading man of the travelling theatrical company was a very pompous personage.

One day he was stranded, and it was a great strain on his haughty disposition when he discovered that he would have to put up for a night at the dilapidated village hotel.

He glanced frowningly about the office, reluctantly signed the visitors book and took the key of his room from the hotel-keeper.

"Is there water in my room?" he demanded.

"There was," replied the hotel-keeper. "But had the roof mended."

Little Jimmy Brown, with a paper parcel under his arm, stood watching a game of baseball in a vacant field. "Hurry home!" said a kind old gentleman. "Hurry home or you'll be late for dinner."

"No, I won't" said Jimmy, tapping his paper parcel. "They can't start without me; I've got the meat for dinner here."

Send the twig while it is young

### Roros U.F.A. Picnic

The Roros U. F. A. will hold their annual picnic at the Beaver dam on Ribstone Creek, one mile east of the Roros school, Wednesday, June 7th.

### Grasshopper Eggs Very Numerous

According to reports received by the Department grasshopper eggs are very numerous in many parts of the southern and central areas of the Province. The latest report for organization to combat the pest comes from a district near Wainwright, east of Edmonton on the Grand Trunk

### Pacific.

No false security should be felt by the farmers that the wet weather will result in killing the hoppers.

E. H. Strickland, who is in charge of the field work for the Department in the campaign against the grasshoppers, states that contrary to the popular impression, this season has been about the worst possible for hatching of hoppers.

The wet weather has delayed the hatching of eggs until now there is no possibility of a late spring frost killing off the hoppers after the warm weather has hatched them. Had warm weather come early, the eggs would have hatched out, and a late frost would have killed many of them. This possibility has passed, now, so that the warm weather now coming will hatch the hoppers out in greater numbers than ever. For this reason farmers should be on the alert more than ever for them.

Farmers and municipalities are entering heartily into the work of organizing to combat the pest. Last week the Reeves of all the municipalities included in grasshopper district No 21 held a meeting at Stettler to complete plans for organization. This is the first meeting of Reeves for this purpose and it is likely to be followed by similar meetings in other districts.

The Department emphasized the point that there cannot be any delay in the watch for the appearance of the hoppers and urges upon all, the need of the utmost co-operation in every way to combat the pest.

Samoa, where the natives are encouraged to retain their natural mode of life, is the only spot on the Pacific islands, where the native population is not dying out; everywhere else clothes and civilization seemed to have brought disease.

## Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail order departments

The poorest way to offset this competition is for the local merchant to remain silent. For them not to "speak up" is to give the mail order houses a better chance to get business from this community.

#### A WORD TO THE PUBLIC

When you send your money out of this community you enrich the great shops and impoverish this community. Strengthen—not weaken—the merchants of this community. It will all be returned to you in the form of better service and better values

## The Funny Side of Life

### EXPLANATION

A lecturer was talking on the drink question.

"Now, supposing a pall of water and a pall of beer were placed on this platform, and then a donkey was brought on, which of the two would he take?"

"He'd take the water," came a voice from the gallery.

"And why would he take the water?" asked the lecturer.

"Because you would beat him to the beer!" was the reply.

### THE THREE FOODS

For an hour the teacher had dwelt with painful repetition on the parts played by carbohydrates, proteins, and fats respectively in the building up and maintaining of the human body.

At the end of the lesson the usual test questions were put, among them, "Can you tell me the three foods required to keep the body in health?"

There was silence until one maiden held up her hand and replied:

"Yes, teacher. Yer breakfast, yer dinner and yer supper."

### NOT BUYING ANY

The ragman knocked at the door, and a tall angular woman answered the summons.

"Have you any rags to sell?" he asked.

"No," replied the woman tartly. "Only these I'm wearing at the present time. If you want them you must take me as well."

The ragman scanned the woman from head to toe in his best professional manner, and a triumphant smile lurked round his lips as he replied:

"I'm sorry—very sorry, ma'am. And he turned to go. "I'm only buying rags, not bones."

### A LITTLE KNOWLEDGE

Two Japanese words very similar in sound and spelling, have very different meanings. One means "ridiculous," and the other "splendid."

A visitor to Tokyo was proud of his linguistic attainments, but he did not fully appreciate the importance of the difference between the two words. He mixed them up most fatally, as the following instance will tell.

One day he had occasion to go to felicitate a Japanese colleague of his on the arrival of a new baby.

The European visitor spoke in fluent Japanese something to this effect: "I hear, sir, your wife has a new son. How ridiculous!"

### MAXIMS FOR STORY-TELLERS

Some people cannot tell a lie. George Washington could not. Such people have no choice but to tell the truth.

There are two kinds of lies, black and white. Some people are color blind, and cannot tell the difference. The great merit of lies is that they should be read for instant use. A lie which is late is only half a success.

A lie which is black when it is told about you may be white when it is told about the other fellow.

Lies are much quicker on the mark than truth; but they have not as such staying-power. For short sprouts they are bad to taste.

Business lies are called bluff, and are quite as necessary in business as shore weight and measure.

The civilized people of the world use, on an average, over three million matches every minute.

Charlie: "I played 'The Kiss Waltz' for her."

Bert: "On the piano?"

"On, no—on the mouth organ."

### SOME MUSICIAN!

An Irishman saw an advertisement in a paper one morning for musicians at the local cinema, and being a bit of a violinist, he applied for a job. He was accepted and given the cello to play.

When the conductor gave the usual signal for the orchestra to commence, all he could hear of the cello was an awful din and screeching noise.

He called the orchestra to a halt, left his stand, and went up to the Irishman.

"What's the matter, Pat?" he asked. "When are you going to start?" "Start!" echoed Pat. "Why I can't get the darned thing under me chin!"

### YES AND NO

The class were supposed to be having a lesson on animals, but the teacher found them a little vague about details.

"Can a leopard change his spots?" queried the teacher.

"Yes, sir," piped Tommy, the smallest urchin in the class.

"Now, that's quite wrong!" said the teacher. "You know that a leopard cannot change his spots!"

"Oh, yes he can, sir!" replied Tommy. "When he tired of sitting in one spot he can change to another."

One and one make two.

And two and two make four.

And four and four let up to eight.

And ten and ten a score.

But these are calculations.

That Cupid cannot do.

His gift for mathematics lies

In making one of two.

## Progressives

## In Parliament

(Continued from front page)

opinion of the law officers of the Crown, as to what Parliament could do in creating such a body, R. M. Johnson moved the following resolution in the committee on agriculture:

1. It is desirable in the national interests that the government immediately create a national wheat-marketing agency similar to the Canada Wheat Board of 1919 for the marketing of the wheat crop of 1922.
2. That this agency be given all the powers of the Wheat Board of 1919 that are within the jurisdiction of Parliament to grant; and
3. An Act be passed on this resolution to become effective by proclamation as soon as two or more of the provinces have conferred upon this agency such powers possessed by the Wheat Board of 1919 as come within

provincial jurisdiction.

This resolution has been put forward for the purpose of procuring a declaration in favor of the principle of the Wheat Board, if this is secured then the details can easily be worked out in a satisfactory manner.

## PROPORTIONAL REPRESENTATION

W. C. Good's advocacy of proportional representation has strong support. His resolution provided for—

1. the adoption of the alternative vote in single member constituencies where there are more than two candidates;
2. the constituting of one or more multi-member constituencies to demonstrate the working and effect of the true proportional representation system.

Mr. Crear strongly supported the motion and it received sympathetic consideration from the Prime Minister. The debate was adjourned.

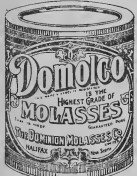

The fourth annual convention of the Farm Young People will be held at the University, Edmonton, between June 7 and 13. Young people of the farm, from the ages of 16 and 25, are invited to attend this convention, where lectures of interest will be given.

Two-thirds of the excavation work on the Lethbridge Northern Irrigation ditch has been completed. About 1400 men and 800 teams are now at work along the whole project rushing it to completion.

Dates for the principal summer fairs in Western Canada this year have been decided on as follows:—  
Calgary, June 30 to July 7; Edmonton, July 8 to 15; Saskatoon, July 17 to 22; Brandon, July 24 to 29; Regina July 31 to August 5. A good time to visit the country and make the circuit by the Canadian National Railways.

Doubt is the key of knowledge

Personally Conducted  
Tour to Pacific Coast

Attractive personally conducted tour to the Pacific Coast is offered by the Canadian National Railways at a minimum of expense, for persons desiring to take an educational or recreational trip this summer.

A special train, consisting of the most modern equipment will leave Winnipeg, 11:30 a.m., June 30th, running through to Prince Rupert. Stops will be made at various points of interest en route including Watrous (Little Lake Manitou), Saskatoon, Wainwright, (Buffalo Park), Edmonton, Jasper (National Park), take a trip to Maligne Canyon, while canoeing on Lac Beauvert, horseback riding and dancing may also be indulged in; Mount Robson; Kluwana, an old Indian village with its many specimens of totem poles and old-fashioned graves; one of the salmon canneries; and other interesting points where special entertainment will be provided for the party.

At Prince Rupert the party will make direct connection with the S. S. "Prince George" for a side trip to turn, at a slightly additional cost, for those who may desire, or passengers may remain over at Prince Rupert, taking the boat south from there at 12:00 midnight, July 6th, for Vancouver, Victoria or Seattle, returning from Vancouver via Canadian National Railways direct, or via any other route from Seattle.

Specially reduced summer excursion fares, including meals and berth on special train and on steamships, will be available for this tour.

Passengers from branch line points should purchase excursion tickets via Prince Rupert, making connections with the special train at nearest convenient point on main line—Grand Trunk Division.

Never before has such an attractive tour at such low cost been offered by any railway. For special folder outlining itinerary rates, reservations, etc., apply to any agent of the Canadian National Railways, or to:—  
W. J. Quinlan, District Passenger Agent, Winnipeg.

J. Madill, District Passenger Agent, Edmonton.

## "The Greatest Farm Help Is The Home"

Your entire farm life centres about the home. Build a new one if you can, but if you can't, at least rebuild the old one. This is the month when you should go over all your buildings and see just what is needed to keep your farm at it's maximum productiveness.

Drop in and chat it over with us now that seedling is over—OUR STOCK IS COMPLETE AND PRICES ARE RIGHT! All that we ask is the chance to prove to you that WE CAN SAVE YOU MONEY on your requirements

## News And Advertising Service: Manitou Lake

For the greater convenience of our subscribers and advertisers in the district served by the Manitou Lake Telephone we wish to announce that by phoning to Kendal W. Coe their advertisements and news items may be assured insertion in the Chauvin Chronicle.

Owing to the difficulty arising from the postal service it is necessary that such messages be sent to Mr Coe by Friday evening, to enable him to use the mail service to catch the following Wednesday's issue.

Advertisements and news items direct can be received at Chauvin up to the mail leaving Arltland Monday evenings.

Incidentally we may mention that Mr Coe is given the privilege of expressing the views of the Manitou Lake community, whether they coincide with our own or not. Likewise our readers, by sending in "signed" communications may express their views on matters of local interest.

### FRAM GRAIN GROWERS ASSOCIATION

Will all our members please note that the next meeting will be held on Saturday evening, June 3rd 1922, at Rose Hill Farm, the residence of Mr and Mrs Oscar Schein. The time of meeting will be 7 p.m., instead of at 8 p.m., as usual. All members and friends cordially invited.

KENDAL W. COE, Secretary

## Chauvin Basketball League Schedule

May 24, Chauvin vs Chauvin Extras; H.S. Girls vs H.S. Boys.  
 June 2, Chauvin vs Specials; Chauvin Extras vs H.S. Boys; Edlinglassie vs H.S. Girls.  
 June 9, Edlinglassie vs Chauvin; Chauvin Extras vs H.S. Girls; H.S. Boys vs Specials.

June 16, Chauvin vs H.S. Boys; Edlinglassie vs Chauvin Extras; H.S. Girls vs Specials.  
 June 23 Chauvin vs H.S. Girls; Chauvin Extras vs Specials; Edlinglassie vs H.S. Boys.

The local teams will practise Mondays, Wednesdays, and Fridays. Six teams have entered the league and each is certain it will win the pennant. That means plenty of thrilling ball.

Boy (to his dad): "Dad, can you sign your name with your eyes shut?" His Dad: "Certainly."

"Well, then, shut your eyes and sign my report card."

Hodson: "Patience is a virtue in the medical profession."

Melton: "Wise is the doctor who never loses his patients."

Have you tried The Chauvin Bakery?

You who appreciate good things, character and quality, will be pleased with our new Spring and Summer fashions.
